

WASHINGTON STATE DEPARTMENT OF
Natural Resources
Peter Goldmark - Commissioner of Public Lands

Application for Use of State-owned Aquatic Lands

Applicant Name: City of Everson
County: Whatcom County
Water Body: Nooksack River
Type of Authorization - Use: Easement – Sanitation Outfall
Authorization Number: Pending
Term: 30 years

Description: This agreement will allow the use of State-owned aquatic lands for the sole purpose of operating and maintaining an existing Sanitation Outfall. It is located on the Nooksack River, in Whatcom County, Washington.

Posted April 11, 2011

WASHINGTON STATE DEPARTMENT OF
Natural Resources
Peter Goldmark - Commissioner of Public Lands

RECEIVED
FEB 23 2011
NW REGION

APPLICATION FOR AUTHORIZATION TO USE STATE-OWNED AQUATIC LANDS

No work can be started on the project area until a use authorization has been granted by the state Department of Natural Resources

I. SUBMISSION OF APPLICATION

This application form will be reviewed by the state Department of Natural Resources upon receipt at the address given below, and also posted on the DNR website as public information. Applicants will be notified in writing if the application will be accepted for further review. However, this application may be rejected at any time before signed execution of a use authorization.

APPLICATION MUST BE FILLED OUT IN BLUE OR BLACK PEN

Please send the completed application form to your region land manager at:

Washington State Department of Natural Resources
Northwest Region
919 N Township St
Sedro-Woolley, WA 98284-9333

Enclose a \$25.00 non-refundable application processing fee with the application.
(This fee is not required for local, state, and other government agencies).

State of Registration:General Partnership ☐
State of Registration:Sole Proprietorship ☐Marital Community ☐
Spouse:Government Agency ☒Other ☐ (Please Explain:)Has the site use been authorized before or is it currently under lease? Yes ☒ Lease Number: 20-011394No ☐ Don't Know ☐**III. LOCATION**

The Body of Water on which the state property is located:

Nooksack River

County in which the state property is located: Whatcom

Section: 30

Range: 4

Government Lot:

Township: 40N

E ☒ or W ☐

Note: A legal property survey including the legal description and other information about the property is **required** to obtain a use authorization. WA DNR survey requirements are attached to this form. The survey plat will be attached to the lease/easement as Exhibit A. **DO NOT HAVE THIS SURVEY CONDUCTED UNTIL YOU HAVE BEEN NOTIFIED IN WRITING THAT THE APPLICATION HAS BEEN ACCEPTED FOR PROCESSING.**

Physical description of Project Area (For example, Marsh, Tideflat adjacent to the Chehalis River, etc.): Adjacent to the Nooksack River

Name of Owner(s) of Uplands, Shorelands, and/or Tidelands shoreward and adjacent to the Property:

Address: 124 Everson Rd

City: Everson

State: WA

Zip Code: 98247

Phone Number: 360-966-3633

Fax Number

E-mail:

Note: Except for property located within established Harbor Areas, proof of ownership, or authorization to use the adjacent tideland, shoreland, or upland property may be required. If the applicant is the owner of the adjacent land, attach a copy of the deed.

County Parcel No(s). for adjacent properties, upland, and/or adjacent tideland properties: 4004310955120000

IV. USE OF PROPERTY

Describe, in detail, the proposed use of the Property:

Operation and maintenance of the WWTP Effluent Outfall.

Is or will the Property be subleased to another party? Yes ☐ No ☒

If yes, submit a copy of the sublease agreement.

What are the current and past uses of the site? Same use since November 1, 1989.

Do you have any knowledge of contamination of the site by toxic or hazardous substances, or of past uses or practices that might have lead to contamination by such substances? Yes ☐ No ☒

If so, please explain:

Do you know if any fill material has been placed on the property in question? Yes ☒ No ☐

If yes, please explain:

In 1995, the north bank of the Nooksack River around the effluent outfall was reinforced with rip-rap as a result of erosion due to flooding on the River. Emergency declaration by County Executive, work performed by Army Corp of Engineers.

V. IMPROVEMENTS

Physical improvements are structures placed on the land that cannot be removed without damage to the land. Examples of such structures include: pilings, dolphins, piers, wharves, piling-supported buildings, structures built on fill or concrete foundations, buried pipelines and cables, and support structures for bridges.

What physical improvements currently exist on the site? (Photos may be required.) No

If there are physical improvements currently on the site, who owns them? N/A

If there are physical improvements currently on the site, describe their condition: N/A

Which, if any, of the existing physical improvements will be removed, remodeled, or reconstructed? None

Describe any physical improvements that the applicant is proposing to construct on the site: We do propose to perform modifications to the outfall pipe within the next three to five years.

Has any fill material been placed on the site? Yes ☒ No ☐

If Yes, please describe: Please see Section IV. Use of Property, last question.

VI. LOCAL, STATE, AND FEDERAL REGULATORY PERMITS Copies of all Government Regulatory Permits, or Permit Waivers Are Required Before Issuance of a DNR Use Authorization. Your project may require all or some of the following.

Please include the following permit applications, permits, or waivers with the application:

JARPA (Joint Aquatic Resource Permit Application) - This one form is used to apply for all of the following individual permits:

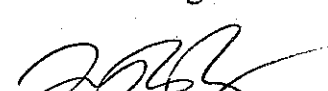

1. Section 10 Permit (Required by the US Army Corps of Engineers for any work in or affecting navigable waters, e.g., floats, docks, piers, dredging, pilings, bridges, overhead power lines.)
2. Shoreline Substantial Development, Conditional Use, Variance Permit or Exemption (Issued by Local Government, and is required for work or activity in the 100 year flood plain, or within 200 feet of the Ordinary High Water mark of certain waters; and which included any one of the following: dumping, drilling, dredging, filling, placement or alteration of structures or any activity which substantially interferes with normal public use of the waters.)
3. Hydraulic Project Approval (Required by the Department of Fish and Wildlife if the project includes work that will use, divert, obstruct, or change the natural flow or bed of any fresh or salt water of the state.)
4. Section 404 Permit (Required by the US Army Corps of Engineers if your project will discharge or excavate any dredged or fill material waterward of the Ordinary High Water mark or the Mean Higher High Tide Line in tidal areas.)
5. Section 401 Water Quality Certification (Required by the Department of Ecology if a Section 404 permit is required.)

NPDES (National Pollutant Discharge Elimination System Permit) - Required by the Department of Ecology under delegated authority from the Federal Environmental Protection Agency for projects that include the discharge of fluid on or into surface water.

SEPA (State Environmental Policy Act) Checklist and Environmental Assessments - When you submit a permit application to any agency, if the project is not exempt, the lead agency will ask you to fill out an environmental checklist. Based on checklist answers and the reviewers knowledge of the project site, agency personnel will determine the types of impacts the project may have on the environment. The agency assessments may be the following forms: Determination of Non-significance, Determination of Significance, scoping documents, draft or final Environmental Impact Statements (EIS) or others prepared for the purpose of compliance.

Describe any habitat mitigation required by any of the permitting agencies identified above and identify where such mitigation is proposed to occur:

All answers and statements are true and correct to the best of my knowledge.
